ABOUT RCEW

With the blessing of "Amma Chandrawati" Chandrawati Education Society(CES) since 2000 has an aim to providing quality technical education. The society established its first women institute as Rajasthan college of engineering for women (RCEW)in the year 2002 with vision to impart futuristic and management education to serve the nation with most proficient flux of engineering and management professionals

MISSION

To create technical manpower for meeting the current and future demands of industry. To recognize education and research in close interaction with industry and emphasis is given on the development of leadership qualities in the students entering the portals of the Institute with sensitivity to social development and eye for opportunities for growth in the international perspective.

VISION

To continue to be one of the world's leading engineering institutes in both educational and research and achieve greater recognition for our efforts in our chosen fields of endeavor. The world will look up to us for future trends and innovations in education, research, and technology. The college will build on its traditions of innovation, problem solving, and interdisciplinary collaboration to meet the changing needs of the society.
