##### **Dr. I Sudarshan Kumar**

- Professor, Silicon City College of Management & Commerce
- No. of Publication in International & National journals, conferences
- More than 18 years of experience

##### **Dr. C. Suhas**

- Associate Prof., Silicon City College of management & Commerce
- International & National Publication
- 14+ years Experience

#### **Overview:**

##### **Day 1:**

Prof. Dr. I Sudarshan Kumar began the workshop by emphasizing importance on how Information and Communication and Technology has influenced teachers in getting adopted to the new situation due to COVID-19. The resource person further discussed how ICT can improve student learning and opt better teaching methods which brings in positive impact on students achievements. Using Hieroglyphics and deciphering the image he asked us to decode the images and introduced the workshop. He conceptualized the wheel of fortune game- how it can be used in the class to introduce / adopt concept or summarize.

Objectives of the workshop are as follows:

- \* To adopt the blended learning model.
- \* To incorporate online gamification strategy, to sustain the attention of the students.
- \* To utilize games as a tool of assessment.
- \* To apply graphic organizers in the teaching learning process using online links.
- \* To organize E-Portfolio for students and teachers.
- \* To create a space for virtual tour wherever it is applicable.

#### Day 2:

The session was covered by the Prof. Dr. C. Suhas. He started the session with the importance of teaching learning tools & techniques. He discussed how it is important in current scenario. Due to ICT's importance in society as well as in the future of education, identifying the possible challenges to integrating these technologies in colleges & universities would be an important step in improving the quality of teaching and learning. But they continue encountering obstacles during the processes of adopting these technologies into their teaching and learning.

#### Conclusion:

The workshop was very useful and informative it showed the major role played by teacher for catering the needs of all the students. Teachers to act as role models and school to create friendly, supportive, stimulating and structured learning environment, thus, strengthening community action in colleges & universities.
